

Department of Molecular Microbiology and Immunology Emeriti Faculty

Karen Bennett, PhD

Professor Emerita of Molecular Microbiology and Immunology

Research Interests: Molecular Genetics

[View faculty profile.](#)

Helen Braley-Mullen, PhD

Professor Emerita of Molecular Microbiology and Immunology

Research Interests: Autoimmunity & Tolerance, Inflammation, Immunology

[View faculty profile.](#)

Richard A. Finkelstein, PhD

Curators' Distinguished Professor Emeritus of Molecular Microbiology and Immunology

Millsap Distinguished Professor Emeritus

Research Interests: Pathogenesis, Immunology

[View faculty profile.](#)

Herbert S. Goldberg, PhD

Professor Emeritus of Molecular Microbiology and Immunology

Associate Dean Emeritus

Research Interests: Systemic Bacteriology

[View faculty profile.](#)

David Lee, PhD

Associate Professor Emeritus of Molecular Microbiology and Immunology

Research Interests: Cellular Immunology, Immune Response to Pathogens, Innate Immunity, Inflammation, Immunology

[View faculty profile.](#)

Kim S. Wise, PhD

Professor Emeritus of Molecular Microbiology and Immunology

Research Interests: Construction of Minimal/Modular Mycoplasmal Genomes; Bacterial Pathogenesis; Display, Function and Architecture of Membrane Surface Proteins

[View faculty profile.](#)
