

THE UNIVERSITY OF MISSOURI SCHOOL OF MEDICINE

WHAT SETS US APART

- A leader in using patient-based learning to integrate basic and clinical sciences into patient cases
- Students are exposed to patient care beginning in their first year
- Innovative interdisciplinary teamwork training
- State-of-the-art clinical simulation training center
- Students outperform their peers on residency program director reviews
- Customized programs can combine clinical and research interests toward an MD/PhD degree
- Highly acclaimed rural scholars program
- MedZou: Students coordinate and participate in patient care at this free clinic for underserved community members
- Partnering with CoxHealth and Mercy health systems on our clinical campus in Springfield, Missouri
- Mizzou has more than 11,400 physician alumni worldwide
- More Missouri physicians receive their medical degree from Mizzou than from any other university

PROFILE: CLASS OF 2029

Class size: 136

Average MCAT: 511

Average BCPM GPA: 3.78

Average GPA: 3.84

Total applications: 3,677

Interviews scheduled: 423

Age range: 21-46

Missouri residents: 116

FINANCIAL AID

Financial aid is awarded to students based on merit, financial need or both. Merit-based scholarships are awarded based on academic achievement or special characteristics, skills, talents or abilities. Need-based aid is given to students who demonstrate financial need.

ESTIMATED COSTS:

Tuition and fees:

\$49,786

Books and supplies:

\$931

Room and board:

\$18,553

Personal/transportation:

\$11,943

Hepatitis B vaccination:

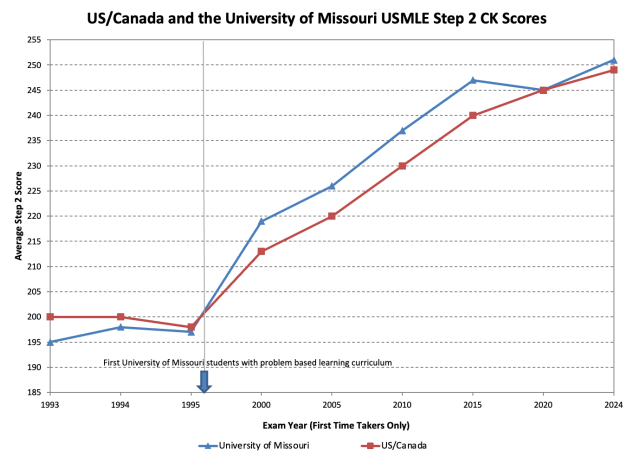

\$130

Total: \$81,343

NR tuition: \$47,542

CURRICULUM

In 1993, the University of Missouri School of Medicine implemented a curriculum that substantially reduced lectures in favor of problem-based learning. The curriculum emphasizes problem solving, self-directed learning and early clinical experiences rather than memorization. The first and second years each consist of four 10-week blocks. The third year is made up of seven core clerkships. The fourth year consists of advanced clinical selectives, advanced biomedical selectives and general electives. The curriculum's success is illustrated in the following graph of national licensing exam scores.

BEYOND THE BASICS

The Mizzou School of Medicine offers unique opportunities for students to customize their medical education:

- **Rural Scholars Programs:** Offers medical students interested in rural practice a variety of experiences including lectures, mentoring and clinical programs centered around rural care.
- **Heyssel Senior Teacher Educator Partnership (STEP) program:** Educates students about the joys and challenges of aging by partnering them with seniors living independently in the area
- **Students participate in mentoring, advising and teaching, including:** fourth-year students tutoring first- and second-year students; high school mini-medical school; and tutoring patient-based learning classes
- **Legacy Teachers Program:** Students recognize patients as teachers with essays, art and an annual ceremony

UNIVERSITY OF MISSOURI PHYSICIAN GRADUATES ARE:

- Able to provide effective **patient-centered care**
- Honest with **high ethical standards**
- **Knowledgeable** in biomedical sciences, evidence-based practice, and societal and cultural issues
- **Critical thinkers** and **problem solvers**
- Able to **communicate** with patients and others
- Able to **collaborate** with patients and other health care team members
- Committed to **improving quality and safety**
- Committed to **lifelong learning and professional formation**

ADMISSION REQUIREMENTS

REQUIRED COURSEWORK:

- College English or writing intensive, six credits or one year
- College-level mathematics (college algebra or above), three credits or one semester
- Biologic sciences, six credits or one year
- General chemistry (through organic chemistry), twelve credits or two years
- General physics, six credits or one year

Applicants must have completed at least 90 semester hours from a U.S. college or university. All required courses must receive a grade of C- or better.

MCAT: Must be completed by September of the application year. We accept scores up to three years old.

LETTERS OF EVALUATION:

Applicants must submit at least three letters of evaluation through the AMCAS letter service.

PERSONAL CHARACTERISTICS AND TESTED MOTIVATION FOR MEDICINE: Committee members consider academic qualifications, potential to become a patient-centered physician, and nonacademic attributes such as maturity, integrity, motivation and altruism. We expect all applicants to have experience in health care settings.
